## TO SUBSCRIBERS.

The proprietors of the *Mail* desire to state that they have made arrangements with the publishers of the *North West Farmer* to club that journal and the *Weekly Mail* for the low price of \$2.50 in advance per year. This is an offer which no doubt farmers will appreciate as it gives them the best agricultural paper in the country, as well as the best weekly in Western Manitoba, at a subscription very little in advance of that of one of them.

## The Brandon Daily Mail.

FRIDAY, APRIL 12, 1883

## BRANDON BUDGET.

The trains from the east yesterday carried a large number of passengers, many of whom made Brandon their stopping place.

The mild weather of yesterday and last night has carried off nearly all the snow. Today will likely see the last of it.

Yesterday the first rain for some months fell. The shower was not heavy, but it remained one of the slush and wet of the eastern provinces.

A yet the ice on the river remains as firm looking as ever, but it is so honey-combed and rotten that it is little better than a snare and a delusion.

The new walk to the railway depot is a blessing to the pedestrian, and on days of mail like we are at present enjoying, its value can scarcely be estimated.

New arrivals from the east express considerable surprise at the small quantity of snow to be found in the west, compared with the set of "beautiful" left behind.

The number of trunks and baggage to be seen at the station shows at a glance that a large number of persons are travelling, and that they visit Brandon as they move.

Mr. S. Shannon, of Regis, accompanied by his wife and family, arrived in the city yesterday morning. Whilst taking a short tour through our fair city the train left, and he was last night a guest at the Edie Home.

Messrs. Duncan & Gibson, a few days ago received a carload of horses, and another of oxen, and at their stables they make quite a showing of quadrupeds which they have for sale.

Robinson, found guilty of selling liquor to the Indians, has procured sufficient funds to pay his assessment, and he is again a free man, but it won't be safe to say "yayay" to him after this.

A sister of Mr. Pauser, the efficient road master of the C.P.R., arrived in the city yesterday from Sweden, also a sister-in-law from Minnesota. Mr. P. was highly pleased to see his relatives.

A train load of stock arrived from the east yesterday afternoon, and several cattle were left at the station in this city. The cattle appeared to be in good shape considering their long journey.

Mr. Frank of Rapid City has just purchased from E. Bowden of Moose Jaw, the West 5 and N.E. 4, sec. 27, 1/2 mile, range 21 West, Oak River settlement, on which 140 acres are broken and ready for crop, for the sum of \$8,000 cash.

To thoroughly estimate the value of the work done in this city, in the way of providing proper sidewalks and graded streets, one has only to take a trip to the towns west of us, and wade through mud and water for a few hours.

Mr. Frank has made a sale to T. L. Anderson, of Newcastle, England, of the N.W. 4 of section 26, 1/2, 1/2, 1/2, West Oak River district, at \$1,500 cash. Mr. Anderson is to be congratulated on securing as good a quarter section as there is to be found in the Province.

The amount of goods received by Mr. Murdoch, whose store is on the corner of 5th street and Rosser Avenue, is beginning to attract attention. Day after day the sidewalk is littered with boxes, and the employees busily engaged in removing the contents of the same to the spacious store.

Yesterday morning an intrepid female, at present a denizen of the Richard Block, called to find the reporter who had called her "English Nell." Our bashful man informed her that he would kill the reporter as soon as he came round, and the darling left highly pleased that she had one friend in and about the office.

Mr. G. Roddick, from the Brandon Hills, called yesterday, and stated that a few days previous he had seen the first spring robin; also that out on the hills harrowing and seedling had commenced. This is cheering news to those who intend settling in this country.

Wednesday some persons going West, stole a valuable dog, belonging to a Mr. Young, who at once applied to the Chief of Police, whereby telegraphing was succeeded in tracing the whereabouts of the animal, and no doubt Mr. Young will in a day or two have the missing canine restored to him.

A few days ago Mr. Hamilton reported to the Chief of Police that he had lost a tool chest from the platform of the station in this city. It appears that an immigrant going towards the Turtle Mountain country took the box by mistake. Yesterday he returned with the missing article and restored it to its owner.

The man Parker, who was mentioned yesterday as being upon a charge of abduction has been committed. One of the witnesses in favor of the defendant was some two hours and five minutes giving her evidence. Mr. Henderson appeared for the defendant, and Mr. Caldwell for plaintiff. Parker pleaded guilty, which was accepted, and he will not go down.

Messrs. Easterbrook, Testre, McLean & Heron are arranging to have the band organized again. A meeting for this purpose will be held at the Council Chamber to-night, and all old members of the band, and any resident of the city who can play an instrument of brass are invited to be present. It is to be hoped that the move will be successful, as during the summer many pleasant evenings can be passed listening to the music furnished by the boys.

An Englishman, employed by Jas. Lewis two miles north, died on Wednesday after a twenty-four hours illness, said to have been brain fever. Deceased had only been in the country six weeks, a sister having accompanied him, and remained in Winnipeg — Morris Herald.

The Winnipeg Sun, speaking of the lecture to be delivered here on Friday evening says: "Rev. J. B. Silcox lectured in the congregational church last evening, on 'Grip and Grit,' to a large and appreciative audience, which manifested its interest by loudly applauding the most striking passages of the lecture. The two qualities which formed the speaker's theme were well described, and their influence on human character and success forcibly illustrated, by a number of telling anecdotes. Much excellent counsel was given toward the close of the lecture to boys and young men, which cannot fail to profit them if it be duly heeded."

**A MINE HORROR.**  
A Cave-In, resulting in Loss of Life.

NORWAY, Mich., April 11.—The most disastrous mine accident reported in the history of the Lake Superior mines occurred at Koelekey mine, in the Menominee range, in the Michigan iron district, at two o'clock yesterday afternoon. In the hour named about ninety feet of ground between the main engine house and No. 1 shaft caved in, the engine house in which were eight men and containing all the mine machinery, and four large boilers, going down a distance of from one to two hundred feet. All the men were killed outright except Edwicks, who went down one hundred feet and remained on the top of the debris with his leg broken at the thigh, and one rib broken near the heart until rescued. His recovery is doubtful. The pump and boiler must be put in operation before the other victims are removed. The work will take a week or more. The mine was to be abandoned.

The men were on the surface hoisting steam pipes out of the shaft when the accident occurred. The names of the killed, as near as can be ascertained, are Pat Egan, Wm. Morris, Richard Williams, Wm. Pollard, William Jeffery, Thos. James, W. Henderson.

The number of trunks and baggage to be seen at the station shows at a glance that a large number of persons are travelling, and that they visit Brandon as they move.
